

The Turkmenidenizderyayollary Agency and the Balkan Velayat Committee together with the Turkmenbashi City Committee of the Democratic Party of Turkmenistan held a meeting on the topic.

The meeting was attended by employees of the Agency's subordinate enterprises, as well as students of the Maritime Secondary Vocational School of the city of Turkmenbashi.

In the era of the Renaissance of the new era of the powerful state of Turkmenistan, thanks to the tireless efforts of our Respected President, Hero Arkadagly Serdar, National Leader of the Turkmen people Hero Arkadag, much attention is paid to the study of our past, cultural and literary heritage, and its dissemination among the peoples of the world. The 300th anniversary of Magtymguly Fragi, who promoted humanistic principles, is celebrated internationally in the year of “The Fount of the Mind of Magtymguly Fragi.” The poet's work is deep as the ocean and wide as the sky, makes a great impression on every reader and expands the reader's horizons. The work of the great thinker, which has become a literary and artistic school, is also of great interest to the peoples of the world. That is why the works of the classical poet become available to the public in foreign languages. Over the years, the creativity of Magtymguly Fragi, a poet of world poetry, thinker and poet, and the value of his works have increased.

Including events dedicated to the 300th anniversary of the birth of Magtymguly Fragi in the list of events celebrated by UNESCO in 2024-2025, and declaring TÜRKSÖÝ 2024 “the year of the great poet and thinker of the Turkish people, Magtymguly Fragi.” “This is a sign of high respect for the great thinker,” the speakers emphasized.
