

UNICEF Participates in First-Ever KIDS EXPO in Turkmenistan

Today [19 Aug] marks the beginning of the KIDS EXPO, where UNICEF is proudly taking part. This first of its kind event in Turkmenistan presents a wonderful opportunity for UNICEF to connect with children and their parents – in a vibrant, interactive setting. The event takes place at the Garagum Hotel and will continue until 22 August.

The first day of KIDS EXPO was filled with joy, learning, and play, offering families a chance to explore a wide range of activities, services and resources for children. UNICEF is delighted to be a part of this event, showcasing our commitment to children's rights, health, and well-being. Visitors to our booth can engage in fun games, gather useful information, learn more about UNICEF's work in Turkmenistan, and simply enjoy the experience.

"At UNICEF, we are enthusiastic about being part of everything that involves children. The KIDS EXPO gives us the perfect platform to engage with families, share information, and establish new partnerships for children in Turkmenistan," said Alexandru Nartea, UNICEF Deputy Representative in Turkmenistan.

UNICEF warmly invites everyone to visit our booth at the KIDS EXPO.

President of Turkmenistan Congratulates Participants of Kids Expo Fair

Dear Participants of the International Exhibition-Fair, Honored Guests,

I sincerely congratulate you on the opening of the International Exhibition-Fair "Kids Expo: Everything for Children," which, during the Year of the Revival of a New Era of a Powerful State under the motto "Ocean of Wisdom of Magtymguly Pyragy," is being held for the first time in the white-marble city of Ashgabat!

In independent and neutral Turkmenistan—a land of happy childhood where the deepest wishes come true and grand goals are achieved—children, the delightful flowers of our lives, are surrounded by immense care from the state. Across the country, modern facilities for preschool and school education, physical education, health, and entertainment centers are being constructed, thereby creating a favorable social environment that allows children to receive a strong foundation of knowledge, broaden their horizons, and develop the best moral qualities.

Recognizing childhood as the most important period in a person's life, Turkmenistan prioritizes the comprehensive preparation of the younger generation for life in society, enhancing children's creative initiatives and skills, and fostering high moral qualities, a sense of patriotism, and civic solidarity.

At the exhibition fair, organized by the Chamber of Commerce and Industry of Turkmenistan and the company "Turkmen Expo," products, school supplies, and electronic goods for young children, students, and scholars will be presented. All products, both domestic and foreign, are of high quality, environmentally friendly, and meet modern demands. At this large-scale event, industry-specific companies will have the opportunity to exchange experiences, conduct thematic master classes, and present innovative developments,

significantly increasing the value of the event.

Dear Friends, Honored Guests,

Today, independent and neutral Turkmenistan is consistently and successfully implementing the Sustainable Development Goals proclaimed by the United Nations. In this regard, our country actively cooperates with other states and leading international organizations in key areas such as modern education for the younger generation, healthcare, and the protection of the interests and rights of women and children.

During the International Exhibition-Fair “Kids Expo: Everything for Children,” specialized companies will have the opportunity to present their innovative products and services. I am confident that the vibrant displays will attract the interest of international partners, investors, and industry representatives from various countries.

This International Exhibition-Fair will become a landmark event in the cultural and business life of Turkmenistan, as it serves not only as an excellent platform for showcasing the capabilities of entrepreneurs but also as a kind of festive event for parents and their children.

Dear Participants of the International Exhibition-Fair, Dear Friends,

Once again, I sincerely congratulate you on the opening of the International Exhibition-Fair “Kids Expo: Everything for Children!”

I wish you good health, a happy life, and great success in your work!
