

TEKNOFEST, the world's largest Aerospace and Technology Festival, will be held in Adana on 2-6 October in its 7th year. Organised by the Turkish Technology Team Foundation (T3 Foundation) and the Ministry of Industry and Technology, with the support of Türkiye's leading technology companies, public institutions, media organisations and universities, TEKNOFEST will be hosted by Adana with its history, rich cultural heritage, delicious cuisine and friendly people.

TEKNOFEST, which was held in Istanbul, Ankara and Izmir last year and brought together more than 4.5 million technology enthusiasts, will host millions of people at Adana Şakirpaşa Airport within the scope of TEKNOFEST Mediterranean this year.

TEKNOFEST, which brings together young people from all over Türkiye who have adopted science and technology as a guide and produce the technologies of the future, will continue to break new records in Adana. TEKNOFEST, which will include air shows, simulation experience areas, event stands of stakeholder and sponsor brands, exhibitions, shows, concerts, TEKNOFEST Discovery Game, science workshops, science shows and main stage shows, will provide unforgettable moments to its visitors.

For the TEKNOFEST Technology Competitions within the scope of TEKNOFEST Mediterranean, the final evaluations of 25 competitions will be held in the province of ANTALYA for the first time this year. Young people will take part in a fierce competition with their projects to turn their dreams into reality and be the best in the focus areas of the future ranging from artificial intelligence to communication, biotechnology to agricultural technologies. The champions of the competition will take the stage at the festival in Adana to receive their awards.

In TEKNOFEST, where more competition categories are opened each year than the previous year in parallel with the development of technology and the largest award-winning technology competitions in Türkiye's history are organised with the goal of technology developing Türkiye, 30 million TL prize money and over 55 million TL material support will be provided to the competitors. Within the scope of TEKNOFEST 2024, 790 thousand teams and more than 1 million 650 thousand competitors who applied this year to TEKNOFEST Technology Competitions organised in 49 main categories and 127 sub-categories will compete to be the best.

TEKNOFEST's star competitors who have competed in previous years will come together within the scope of TEKNOFEST Champions League with a special event for Adana.
