

Representatives of the Football Federation of Turkmenistan (FFT) and the German Football Association (DFB) held an online meeting on January 10. The parties discussed opportunities for developing cooperation in the field of youth football and coaching education. This was reported by the MIC portal.

The interlocutors paid special attention to the prospects of introducing the advanced experience of German football in Turkmenistan. Following the meeting, the parties agreed to continue discussing issues of bilateral cooperation.

It should be noted that the development of youth football and the improvement of the coaching education system are among the priority areas of FFT's work.
