

Standart Hyzmat was established in 2016 by a team of experienced professionals focused on economic growth, trade, attracting investments, and developing the private sector. The company offers a wide range of services for implementing management systems in compliance with international standards (ISO, Halal, GlobalG.A.P., FSSC 22000, Organic, etc.). Additionally, it provides services in areas such as e-commerce, export promotion, and market research.

Standart Hyzmat is renowned for high-quality services, affordable prices, and preparing documentation in multiple languages (Turkmen, English, Russian). One of the company's recent projects involved consulting on the development and implementation of a food safety management system according to the Halal Muslim international standard at a sausage production enterprise operating under the "Galkan" brand.

Export Services helps Turkmen companies successfully enter international markets. We know how to increase your export volume and competitiveness!

Our Services:

- Market Research: Competitor analysis, demand, and price assessment.
- Entering International Markets: Strategy creation, consulting, and practical steps.
- Client and Partner Search (B2B Matchmaking): Connecting you with buyers.
- Preparation for International Exhibitions: Proper organization and advertising support.
- E-commerce: Sales strategy for international online markets.
- Assistance with Winning Grants and Loans: Financial support for business growth.

Who We Work With:

- Local companies seeking access to international markets.
- Small and medium enterprises.
- Sectors: Fast-moving consumer goods (FMCG), food industry, construction materials, agriculture, light industry.

Why Export Services?

Все права защищены

- Extensive experience in international trade.
- Personalized approach to each client.
- Strong partnership networks in Central Asia, the European Union, and the Middle East.
- Comprehensive support—from market research to your first export contract.

Our Achievements: We have helped 8 enterprises secure \$200,000 in grants and enter international markets. Our clients successfully participated in exhibitions such as Gulfood (Dubai) and FoodExpo Kazakhstan (Almaty), resulting in effective agreements.
