

The annual “Baku Marathon” in the city of Baku has become a significant event promoting sports and a healthy lifestyle. [This is reported by AZERTAJ](#), the Azerbaijani State News Agency. Organized at the initiative of the Heydar Aliyev Foundation, this event is not merely a race but also a gathering that fosters unity, health, and movement.

This year's marathon, held in the spring of 2025, attracted numerous athletes from various regions of the country as well as from abroad. Participants ranged from professional athletes to amateur runners of different levels. The marathon was organized under modern conditions and was combined with a rich program integrating culture, sports, and health.

Many participants emphasized that the marathon is not only a sporting event but also holds great importance for society. A humanitarian initiative also took place during the marathon, in which charitable financial support was provided.

This event creates an excellent opportunity to promote enthusiasm for sports, encourage a healthy lifestyle, and strengthen interactions among community members. “Baku Marathon 2025” has not only been a major race but has also remained a crucial sports festival symbolizing unity and togetherness!

Overall, the marathon was truly an unforgettable event for athletes, volunteers, and spectators. We believe that in the future, it will be organized on an even larger scale and bring together even more people!
