

The International University for the Humanities and Development (IUHD) is proud to announce “Open Doors Day” on May 3, 2025 at 2 p.m., and welcomes all prospective students to attend this noteworthy occasion in the university’s calendar. The event will introduce everyone interested in studying at our university to a higher educational institution, its faculties and programs, the learning process at the university, and the advantages of obtaining an education here. On this special day, candidates will have the opportunity to meet with university professors and lecturers.

On the “open doors” day, visitors will be offered a tour, exhibitions, master classes, educational activities, and much more, allowing them to experience our university’s richest opportunities. They will be exposed to the university’s educational, scientific, and cultural potential, as well as informed about the benefits of pursuing higher education in a foreign language and our university’s online platforms. Guests visiting the institution will be able to see accomplishments in higher education that meet international standards, achieved as a result of the youth policy initiated by the esteemed President of Turkmenistan.

They will also have the chance to explore the university’s newly constructed buildings and facilities, including lecture halls and classrooms, as well as language and computer laboratories, which are fully equipped with cutting-edge technologies. Moreover, visitors will be able to learn more about student life outside the classrooms—sports, academic and cultural clubs, and comfortable student dormitories—and get acquainted with the activities of the language departments.

The administration of IUHD will be pleased to meet all curious and ambitious young men and women on Open Doors Day!
