

Lenovo introduced the new G701 game mouse from the Yinnengzhe series, which has already entered the sale in China.

The novelty is focused on the budget segment - the price is only 109 yuan, that is, about \$ 15.

The mouse is made in a symmetrical ergonomic case resembling the design of the Logitech G304. The dimensions of the device are 116.8 × 63.8 × 37.9 mm, weight - about 85 grams. The manufacturer claims that the model is suitable for users with the palms of medium and large size.

ITHOME

Inside, the Huannuo mechanical switches are installed, designed for 100 million presses, as well as the PAW3311 sensor with a maximum resolution of 12,000 dpi. The mouse is equipped with a 500 mAh battery.

Lenovo G701 supports three connection modes: wired, Bluetooth and 2.4 GHz radio channel. For \$ 15, this is one of the most affordable game mice with modern characteristics in its class.
