

***At the 23rd kindergarten in Türkmenabat city, Lebap province, children are provided with round-the-clock care. This was reported by the regional newspaper “Türkmen gündogary.”***

According to the information, for more than 56 years, the center has been offering education and upbringing to young children, preparing them for primary school. The facilities available here are numerous and impressive. The kindergarten has 18 groups, one of which operates 24/7. This is a highly convenient option for citizens working night shifts.
