Saber Interactive introduced Clive Barker’s Hellraiser: Revival-the new single-single action-chorror with a first-person view, based on the cult franchise “rebel from hell”.

Unlike network projects, such as Evil Dead: The Game, the new game is focused on the plot campaign.

Players in the role of Aidan’s young man will have to use a mysterious box – the configuration of the genesis – to combat the demons and Pinhead himself, to save his lover from the hellish labyrinth.

Boss team games

The gameplay combines the weapon of near and distant battle with demonic abilities, allowing you to combine blows and spells.

The developers promise “pain that crushes bones and burn the flesh”, and visually the game is made in a gloomy, “meat” style with survival elements. Among the opponents are demons, maniacs and cultists.
