

MTS announced the beginning of the pre -order for the new smartphones of the Huawei Pura 80 series. Buyers who placed the order from August 1 to 8 on the Huawei Pura 80 Ultra or Pura 80 PRO model, will receive smart watches of Huawei Watch GT Pro, as well as free annual access to the Huawei Care+service.

The flagship model Pura 80 Ultra will go on sale at a price of 139,999 rubles, and Pura 80 Pro for 89,999 rubles. Both versions can be purchased by installments for two years without overpayment.

The Huawei Pura 80 Ultra is equipped with a camera with two telephotations and a ultra-large sensor that provides a 3.7-fold and 9.4-fold optical zoom, as well as a portrait regime with 10-fold approximation. The smartphone supports the video in HDR ultra format, allowing you to accurately display light and shadow even with complex light.

Pura 80 Pro received a camera with a large 1-inch sensor and an adjustable diaphragm from F/1.6 to F/4.0. This makes it possible to remove in low light with high detail and accurate color transmission. Both devices are equipped with the night mode and filters of Huawei Xmage for clear shots in any light.

Smartphones also offer advanced functions based on artificial intelligence. For the first time in Huawei devices, a quick search is built from Yandex by images – to recognize objects on the screen and search for similar on the Internet. A smart button is also available, with which you can call Alice and control the smartphone or devices of a smart house.

5170 mAh batteries support a wired charging of 100 W and wireless – 80 watts. Smartphones are protected by second -generation Kunlun glass, which is resistant to scratches and damage.

The Ultra model is represented in black and gold colors, the Pro version is in glossy red, glossy white and classic black versions.
