

Huawei Watch 5 watches got new colors – blue and green are already on sale

Huawei opened sales of smart watches Watch 5 in two new colors – Galaxy Blue and Aurora Green. These options were first shown at the summer presentation, and now they are available on the VMALL website.

The Galaxy Blue variant with a leather strap looks like “denim on the wrist”, and Aurora Green goes with a convenient fluoroelastomeric strap. New versions complemented the existing palette of colors for models of 42 and 46 mm.

Price:

- **Watch 5 Aurora Green** (42 mm) – 2699 yuan

- **Watch 5 Galaxies Blue** (46 mm) – 2999 yuan

The clock operates on HarmonyOS 5.1. Among the functions are synchronization with the smartphones Huawei Pura 80 and the headphones of the brand, as well as a new system for detecting falls with the function of emergency calls.

Special attention is paid to the capabilities of the “smart key” for the car.
