

Infinix Hot 60i budget smartphone was released in July, but for India it will also receive 5G

In July, Infinix introduced on the world market the Hot 60i model with the Helio G81 Ultimate processor. Now the company confirmed that its 5G version will be released soon in India. Official debut is expected at the end of the month.

Infinix Hot 60i 5G will be available in four colors: Shadow Blue, Monsoon Green, Sleek Black and Plum Red. On the rear panel is a horizontal module with a 50-megapixel main camera and a double LED flash.

The smartphone will receive a Dimensity 6400 chipset and a 6000 mAh battery. The device has an IP64 protection degree and TUV-certification.

In addition to standard functions like Circle to Search and AI Eraser, the novelty will offer a set of AIOs: to extend work from the battery, for translating calls, images generator and not only.

It is expected that the price of a new smartphone will be about 9,999 rupees (about 9 thousand rubles).
