

Rostec State Corporation and the Tatarstan government signed a road map of joint projects for 2025–2026. The document was approved during a meeting of the Commission on Interaction in Kazan with the participation of General Director Rostec Sergei Chemezov and Rais of the Republic of Rustam Minnikhanov.

As part of the meeting, the parties discussed key areas of cooperation. Among them are the production of helicopter equipment, plans for the production of civilian aircraft and the modernization of industrial capacities. Special attention was paid to the issues of personnel support of enterprises and state support measures in the field of science.

During the visit, Sergey Chemezov was awarded the title of “Honorary Citizen of Kazan”. This award was the recognition of his contribution to the industrial and socio-economic development of the capital of Tatarstan. The head of Rostec noted that Kazan is an important scientific and industrial center for the corporation and the whole country.

Chemezov emphasized that local authorities always support Rostec enterprises, and the hard work of the residents of the republic has a positive effect on the results of the work. He expressed respect for the history and achievements of Kazan, calling the obtained title not only honored, but also responsible.
