The presenter of the techno-gran YouTube channel told which DDR5 RAM models are now best taken.

The minimum amount of RAM for comfortable gaming in 2025 is **32 GB**Field

One of the best sets for AMD from DNS is **Acer Predator Pallas II**. The warranty on it is 10 years. The white set costs 10300 rubles, and the black set – 12 thousand.

If you plan to engage in manual overclocking, pay attention to **Acer Vesta and Acer Hermes**Field

Good white option for AMD on Hynix chips – **G.Skill ripjaws**. You can also take it **Adata XPG Lancer RGB**. Without illumination, they will be even more expensive.

From **Kingbank** Great for AMD **Star blade**for Intel – **Star blade** With XMP 6800, C32.

With a limited budget, you can see **Kingbank Solarblade** On Hynix M-Die C36. But these modules will have to set up manually.

Another budget option is **Cusu DDR5 5600/6400 MHz**. You can buy it on AliExpress.

Sometimes from time to time there are good sets from Patriot. However, this company has a rather large percentage of marriage. Therefore, it is better to take such a memory with a guarantee.

If you are looking **two modules of 24 GB (48 GB in total)**then pay attention to the following options.

When choosing a KingBank non -bureau kit for AMD, you will need to configure everything manually. Another option – you can buy KingBand with EXPO XMP 6000 CL28 on M -Die. But they sell them only outbid.

On Ozon you can meet **Patriot is very poison XMP Expo 6000 Cl30**. Remember only about the probability of marriage and do not buy without a guarantee.

If you need **64 GB** RAM, then in DNS you can consider **Acer Predator Pallas II, Predator Vestas II, G.Kill Ripjaws S5 and M5, Adata XPG Lancer**. Pallas and G.Skill on M-Die, Vesta and Lancer-on A-Die. Everywhere 10 years of guarantees. For AMD Lancer, you will need to set up manually. You can also take it **Kingbank Dark Soarblade Hynix M-6000 CL36**but it will also have to be configured independently.

From the sets of RAM to **96 GB and more** It is worth buying either **Kingbank Dark Star Blade S Hynix M-Die C32** On Yandex.Market, or **Expert TeamGroup T-Create** In the online trade.
