

Xiaomi introduced the new Xiaomi 15t and Xiaomi 15t Pro, which are aimed at the budget models market. The other day, the insiders provided fresh information about the memory options and the colors of the devices.

According to the Gizmochina portal, Xiaomi 15t will receive 12 GB of RAM and 256 GB of internal memory. The model will be produced in: gold, gray, black colors. It is known about the characteristics for Europe, so prices are given in the euro: the cost of the model will be 649 euros. Xiaomi 15t will be released in only one version.

Xiaomi 15t Pro will be produced in versions of 12 GB / 256 GB at a price of 799 euros and a version of 12 GB / 512 GB - 899 euros. The colors are the same: gold, gray, black.

It is noted that the Xiaomi T series usually stand below premium models, such as Xiaomi 15. Recently, 15t was certified in Thailand and Singapore, which indicates an ambulance for new models. Proke prices correspond to previous insids, although a version with 1 TB of memory may appear in some markets.
