

Tecno introduced the thinnest 5G smartphone with a curved screen in the world-Pova Slim 5G

Tecno introduced the new Pova Slim 5G smartphone, which has become the thinnest device with a curved screen and 5G support.

The thickness of the case is only 5.95 millimeters, and the weight is 156 grams. The device is equipped with a 6.78-inch AMOLED display with a resolution of 1224 × 2720 pixels, an update frequency of 144 Hz and a record brightness of up to 4500 threads.

The screen is protected by Corning Gorilla Glass 7i, and the case meets the IP64 standard, providing dust protection and spray.

The main camera received a 50 MP sensor, the front - 13 megapixels. MediaTek Dimensity 6400, complemented by 8 GB of RAM and 128 GB of internal memory, is responsible for performance.

There is no memory card slot. At the same time, the novelty is running Android 15 with the HIOS 15 proprietary shell.

Despite the record thin case, the battery for 5160 mAh is installed inside with support for fast charging 45 W and a reverse wire charging of 10 watts. In India, Pova Slim 5G will cost 19,999 rupees (about \$ 226).
