

A delegation of Turkmenistan took part in the Big 5 Global 2025 international exhibition and conference in Dubai

A delegation of Turkmenistan headed by the Minister of Construction and Architecture Abdulla Geldiyev took part in the international exhibition and conference Big 5 Global 2025, held in Dubai from 24 to 27 November 2025. The Ministry of Foreign Affairs of Turkmenistan reports on this.

The participation of the Turkmen delegation highlighted the high level of bilateral cooperation and Turkmenistan's status as an important partner in the fields of construction and infrastructure. At the forum, which brought together global leaders in construction, engineering and urban development, the Turkmen side presented key national initiatives aimed at promoting advanced technologies and increasing the efficiency of the sector.

On the second day of the program, the Minister of Construction and Architecture of Turkmenistan Abdulla Geldiyev delivered a keynote address titled «Strategy for Sustainable Urban Development and Infrastructure Modernization in Turkmenistan». He outlined the country's strategic vision for developing modern, sustainable and environmentally friendly urban spaces, identified priorities for national infrastructure modernization, digital transformation of the sector and the introduction of innovative and energy efficient solutions.

As part of the official program, a number of bilateral meetings were held with Assistant to the deputy minister for Federal Infrastructure and Projects of the UAE, Yusuf Abdullah Al
